The Pools

8 Pools in the House

Santa Ponça offers a welcoming outdoor pool area with plenty of cozy spots for relaxation and socializing. Enjoy the lush terraced gardens, authentic dry-stone walls, and panoramic views of Mallorca, all from the comfort of your day beds.

The Main Pool

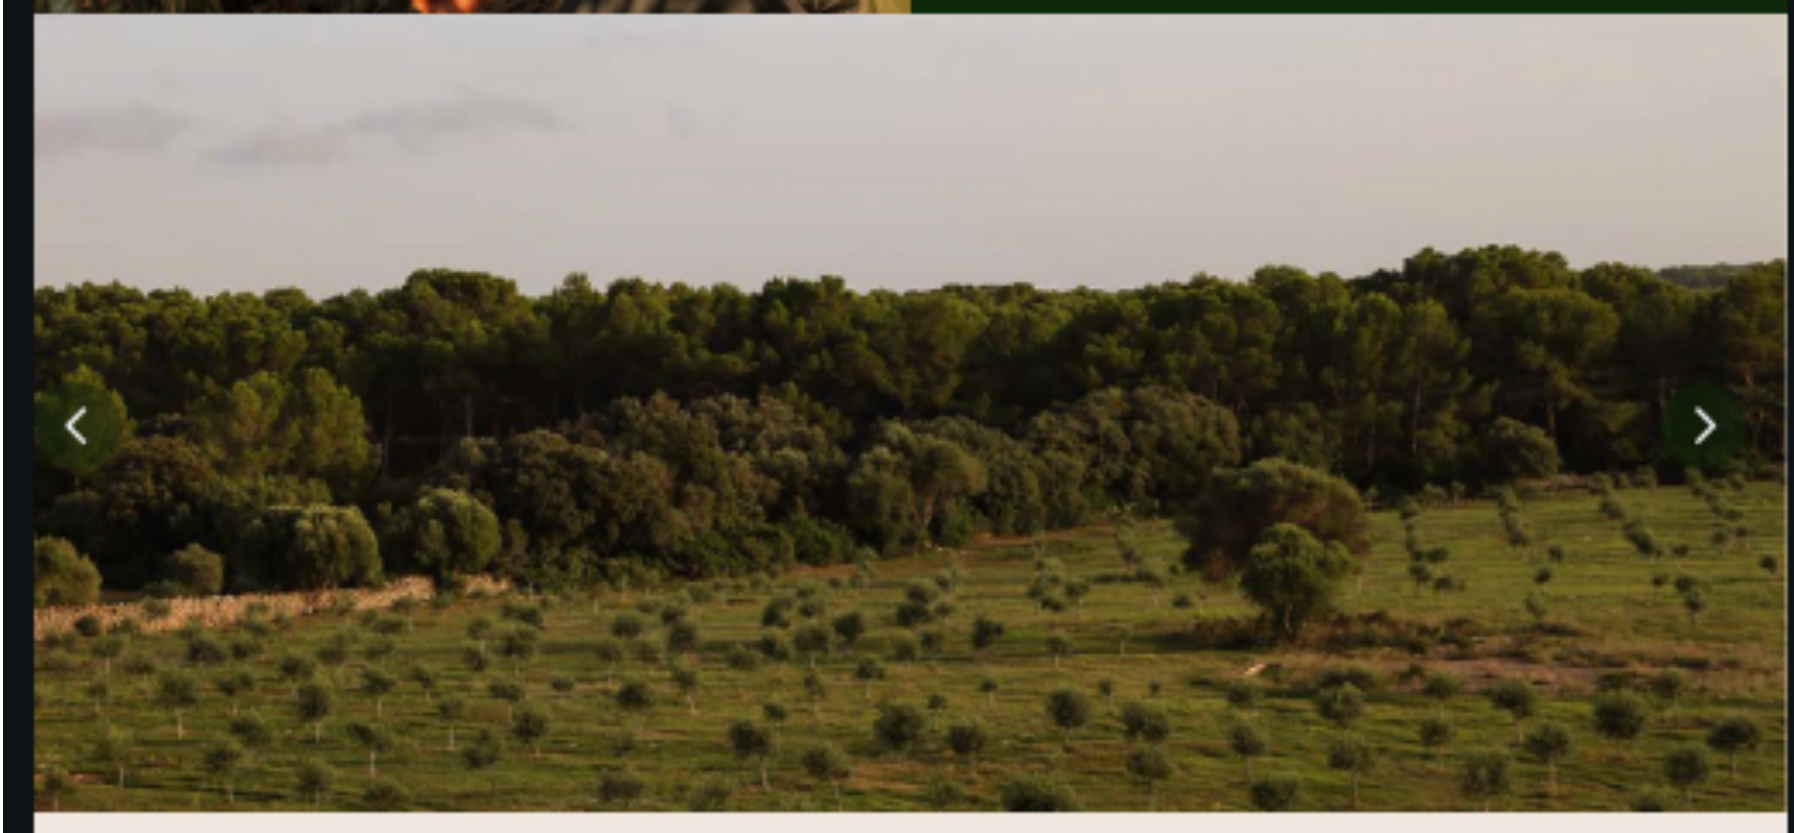

15-meter saltwater pool surrounded by nature, with 6 daybeds for lounging

Nestled among ancient olive trees and lush gardens, the terraced pool at Santa Ponça offers a serene escape high above the estate. Framed by pale dry-stone walls on one side and open views of the northern façade, the Mediterranean, and even Mallorca on clear days, it's a setting that blends nature, beauty, and calm.

With six daybeds shaded by pergolas, a dining table under the trees, and a hammock just above, every corner invites relaxation. Nearby, a pétanque court and outdoor bar add a playful, convivial touch — perfect for slow summer afternoons.

A photograph of a long, rectangular swimming pool with clear blue water. The pool is surrounded by lush greenery, including tall pine trees and palm trees. The pool is set in a terraced area with dry-stone walls. A small play button icon is visible in the bottom left corner of the image.

Top three reasons your IT team needs Jira Service Management

It's time to reconsider your legacy ITSM solution

In today's world of high customer expectations and demand for always-on services, IT teams need to deliver exceptional service, fast. Businesses need a flexible and collaborative ITSM solution, that scales to their needs. With Jira Service Management, IT teams across the world are accelerating service delivery with less complexity and lower costs. Whether you're just starting to implement ITSM in your organization or you're searching for a better solution, here's why Jira Service Management is right for you:

1 One platform to unite dev, ops, and support

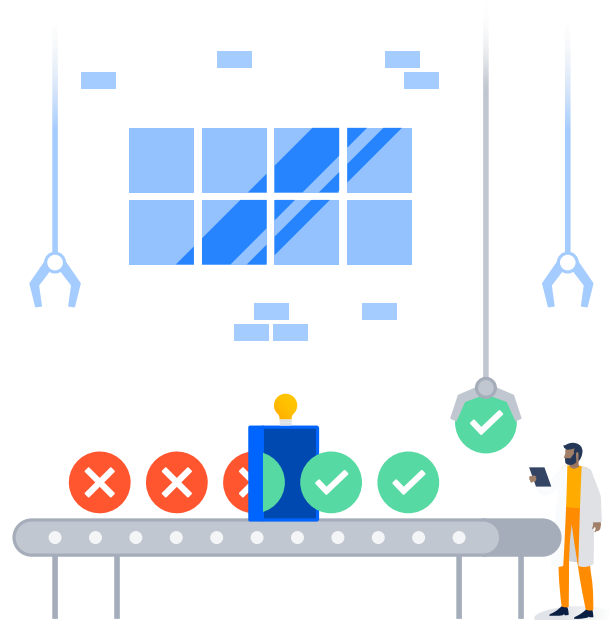

Built for the DevOps era, Jira Service Management runs on the Jira platform. Seamless integrations with Confluence, Opsgenie, and Statuspage enable teams to collaborate to fix incidents faster and push changes with confidence.

2 A solution custom fit to your team

Leverage our extensive marketplace integrations and apps to tailor service delivery to your organization's specific needs, without the hassle and bloat of rigid ITSM solutions.

3 Intuitive setup and configuration

Jira Service Management codeless setup, straightforward configuration, and templates for common use cases like HR and legal make it easy for any team to deliver great service.

Jira Service Management is ITIL-certified by PinkVERIFY™ in request fulfillment, incident management, problem management, and change management.

on why DHI switched from ServiceNow

Save hassle

Stop working with clunky systems bloated with confusing features that slow you down. Instead, unite support and dev on the Jira platform and enable smooth, speedy collaboration.

Save time

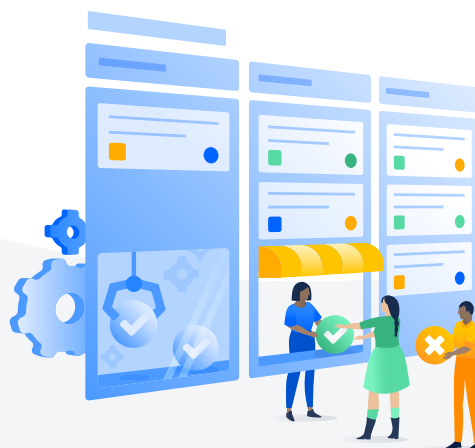

Shave months off your implementation time. According to the G2Crowd Service Desk Implementation Index Report, the average ServiceNow implementation takes 4.5 months, while Jira Service Management takes just 1.2 months.

Save money

Jira Service Management is a fraction of the cost of legacy providers. And, with Atlassian's transparent pricing, you'll never experience sticker shock when renewal time comes around.
